Judging: Judging begins at 1:30. Points will be assigned with a 1, 3, or 5 for various categories including:

- **Size:** the overall length, width, girth and density (fullness) of the hair. Beards are measured from the bottom of the lip to the end of the longest follicle that hangs naturally (meaning not stretched). Moustaches must stop at the corner of the mouth. Moustaches growing below the corner of the mouth will be considered partial beard.
- **Quality:** the graduation, taper, angle and thickness of individual hair follicles; the precise grooming (fly away hairs), sheen and symmetry of the facial hair.
- **Color:** the natural color of the hair: multi-color blending, natural lightening or graying, vibrancy, consistency or variation.
- **Style & Presentation:** Does the facial hair fit the man? Does it compliment the man's overall style? These are considerations for the judges. How is the wearer of the facial hair's attitude, attention to the crowd, attire or overall look.
- **Durability:** In Women's and Children's Division, this refers to the practical wearability and craftsmanship of the beard. Will the look fall apart three minutes after judging?
- **Creativity:** In Women's and Children's Division, how much creativity or imagination went into the development. Styling aids, decorations and costumes are encouraged as part of the overall look.

After final judging, points will be counted and the winning contestants announced. Trophies will be presented at this time.
